General Cabell:

Referred to the case of a contract agent [redacted] Station who has been performing staff agent duties and now wishes to become a staff agent and noted that we are confronted with similar problems at other stations. The Director said he was concerned about the limitations placed on individuals who are converted from a contract to staff status remarking in most cases these people have a foreign background and therefore present problems in obtaining SI and Q clearances should such clearances be required. Mr. Kirkpatrick pointed out that it was only natural for this type employee to want conversion since it would give him job security and entitle him to retirement benefits. Mr. Bissell suggested that possibly one way around this would be to broaden our contracts in order to provide these emoluments. The Director said Mr. Bissell's suggestion should be given consideration and asked Mr. Helms to furnish him his comments on Mr. Bissell's suggestion together with his recommendations on the above-mentioned individual case in question. 3.22.56

Mr. Wisner:

Stated that he wished to underscore the seriousness of the Argentine development as reported in today's bulletin.

Mr. Kirkpatrick:
